**AMERICA'S LARGEST BLACK GOLF CLUB**

**Tiretown History**

**Tiretown Golf Club** was established in 1950 in Akron, Ohio The club was organized for the purpose of providing an environment where people of color could learn to play the game of golf.

For years, **Tiretown** was a member of the Midwest Golf Association, an organization of like-minded golf clubs throughout the country. Through this affiliation Tiretown Golf Club gained the reputation for being one of the top golf clubs in America. Our Annual Scholarship Tournament, originally a three-day event that included a two-day tournament was renowned nationally and attracted golfers from all over the country.

The Civil Rights Movement during the 1960's and 1970's tore down the barriers that prevented people of color from playing golf at public golf courses. What emerged was an even greater commitment by **Tiretown** to the youth of our community.

From the very beginning, **Tiretown** established a connection with the youth in our community. During the first year of our existence, a junior golf program and associate memberships for youth and a scholarship program were established.

**Tiretown Golf Club** continues its tradition of commitment to our youth. We have expanded our scholarship programs to provide 5-year funding for qualified applicants with the Greater Akron area including Akron Public Schools.

**Tiretown Golf Club**, though the largest predominantly Black golf club in the United States, has a diverse membership, which includes men and women of all races, ethnicity and cultures. We invite you to join our more than 200 members to strengthen and expand the programs which have set our organization apart from all others.
